

ECCO 29th ANNUAL MEETING SCIENTIFIC PROGRAMME

1 July 2010

09:00 - 09:30 Welcome and Introduction

Çiğdem Kayacan, Vice President of Istanbul University
Dagmar Fritze, ECCO President
Bülent Gürler, KUKENS President

09:30 - 11:00 Session 1

Culture Collections in Turkey

Chairs: *Bülent Gürler, Seray Özensoy Toz*

- Genotypic Differences of Leishmania Strains Isolated From Turkey
Seray Ozensoy Toz
- A Strategy for Structuring Regional Culture Collection of Clinical Origin
I. Çağatay Acuner
- Importance of the National Culture Collections;
Refik Saydam, Medical Culture Collection (RSKK-Turkey)
Demet Yumuşak
- Ege University Microalgae Culture collection (Ege-MACC)
and Research Fields
Meltem Conk Dalay

11:00 - 11:30 Coffee and Poster Viewing

11:30 - 12:30 Round Table

Challenges for the Microbial Resource Centres at the XXI Century

Chair: *Esperanza Garay*

Invited guests: Milton da Costa, President FEMS
Zeynep Gulay, Member TMS

12:30 - 14:00 Lunch

14:00 - 16:00 Extra Session

- A Project of Full-Genome Sequencing -Microbial Earth Project, MEP-, Introduction by Hans-Peter Klenk
- Followed by a working meeting of ECCO collections interested in collaboration

16:00 - 17:00 Coffee and Poster Viewing

19:00 Dinner - Excursion

ECCO 29th ANNUAL MEETING SCIENTIFIC PROGRAMME

2 July 2010

09:00 - 11:00 Session 2

Networking of Collection: Progress of European Initiatives

Chairs: *Dagmar Fritze, Esperanza Garay*

- GBRCN-recent developments
Dagmar Fritze
- EMbaRC-recent results
Sylvie Lortal
- BBMRI-recent developments
Barbara Parodi
- Approach to a harmonized accession procedure - An MAA
Esperanza Garay
- Biorisk - recent developments
Christine Rohde
- Update on the MIRRI Project
Dagmar Fritze
- Discussion

11:00 - 11:30 Coffee and Poster Viewing

11:30 - 12:30 AGM

- New Members
- Poster Prize
- Prize Committee
- 2010 Elections of (1) President (2) Secretary

12:30 - 14:20 Lunch

14:20 - 16:00 Session 3

The methods of molecular identification in Culture Collections

Chairs: *Gerard Verkleij, Aysegul Karahasan Yagci*

- Influenza Viruses: From isolate to strain determination and strain selection for vaccine composition
Meral Ciblak
- Molecular techniques fungi diagnosis and collection, preservation of fungal genomic DNA
Serdar Susever
- Use of MALDI-TOF ICMS to identify *Candida* species with clinical relevance
Cledir Santos
- Trends in Molecular Typing for Bacterial Pathogens
Aysegul Karahasan Yagci
- DNA-barcoding at CBS
Gerard Verkleij

16:00 - 17:00 Next Venues

- Gerard Verkleij, CBS: ECCO XXX in 2011
- Proposals for ECCO 2012 and 2013 needed!
- **Wrap-up, Close**
